

Vision is an attractive picture of an attainable reality!

30-Second Vision Casting is made of three components as follows:

1. A statement of InterVarsity's unique standpoint (core value) on campus
2. A short personal story that supports this standpoint
3. A clear invitation to take part of this vision

Which unique standpoint (core value) would you like to present? How does this value meet a need on campus? Choose one or two, no more than that.

1. Our Love for the University
2. Inductive Bible Study
3. Prayer
4. Discipleship of the Mind
5. Leadership Development
6. Global and Local Missions
7. Ethnic Identity and Reconciliation
8. Social Justice
9. Contextualized Evangelism
10. Spiritual Formation
11. Intentional Community
12. Whole Life Stewardship

Next, reflect on your life and connect a personal story to this unique standpoint (core value). Ensure that your story has the following elements:

1. Be open and honest about your experience
2. Avoid Christian and InterVarsity jargon
3. Make Jesus the center of your story
4. Be brief but complete

Lastly, offer an invitation. The invitation could be learn more and/or to join you in this vision of seeing the campus renewed together.

"Vision without action is a daydream. Action without vision is a nightmare."
Japanese Proverb

"Always be prepared to give the reason for the hope that you have"
